Ev'ry endless night has a dawning day, ev'ry darkest sky has a shining ray.
And it shines on you baby can't you see,
you're the only one who can shine for me. It's a private emotion that fills you to-night,
and a silence falls between us as the shadows steal the light.
And wherever you may find it, wherever it may lead let your
private emotion come to me.
Come to me, come to me, come to me.
